Dear Mr. Smith:

Re: Jamaican Canadian Association Community Centre Renovation Project

This is a follow up to our brief conversation at the recent Alvin Curling fundraising reception. As mentioned to you, we are having a difficult time getting Sheila Copps or any other cabinet minister to meet with us so we can discuss how the federal government can assist us in this worthwhile project.

The JCA has, through a variety of activities, raised \$300,000 plus another \$110,000 in pledges for our renovation which is slated for completion my mid July. The renovation cost is \$886,000 and we would greatly appreciate any assistance you can give us in getting federal assistance.

Enclosed for your information is correspondence to and from Sergio Marchi, and Sheila Copps as well as "case for support" documents.

Yours truly,

Jamaican Canadian Association

Herman Stewart  
President
